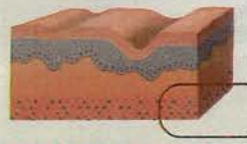
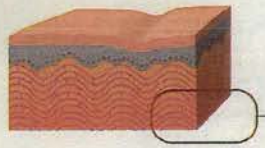
## THE HEALING AGE CONTINUES...

**Eastern plant therapies** and our exclusive **Western technology** unite to help **undo the signs of aging**—an herbaceutical breakthrough.



BEFORE

**DAMAGED SKIN:** Support proteins are damaged and skin structure compresses. This causes wrinkles, sagging, uneven skin tone and loss of youthful contours.



AFTER

**RESTORED SKIN:** Skin's protein structure is rebuilt. Skin is more resilient; appears younger, with fewer visible wrinkles and more-youthful contours.
